WORK EXPERIENCE

Systems Architect & Forensic Scientist | Institute of Risk and Safety Analyses | Woodland Hills, CA | February 2025 – Present

Manage IT and computer systems supporting forensic engineering operations | Develop software tools to improve engineering workflow efficiency | Support accident reconstruction through drone piloting, 3D modeling, animations, simulations, and digital forensics

Data Analyst Intern | Planet Bids | Studio City, CA | August 2019 – December 2019

Managed and analyzed database records to support internal system | Automated data tasks using Python

Software Engineer Intern | Seven Smarts LLC | Yerevan, AM | June 2019 – July 2019

Wrote SQL queries and produced data analytics reports for two startup clients | Collaborated with software engineering team on database operations

Software Applications & Design Intern | TUMO | Yerevan, AM | June 2019 – July 2019

Taught Java course | Assisted graphic design team workflow

EDUCATION

University of California, San Diego September 2020 – June 2024

B.S. in Data Science | Focus on Computer Science

Warren Provost Honors, Major GPA: 3.45 / 4.00

Los Angeles Pierce College September 2025 – Present

Computer Engineering GPA: 4.00 / 4.00

Chief Systems Engineer | NASA Robotics Competition | Woodland Hills, CA | June 2026

Led software and design/research efforts for rover system | Developed and deployed primary mission software | Coordinated integration between software and hardware design

TECHNICAL PROJECTS

Please See <https://chris-derman03.github.io>

SKILLS

Programming – C/C++ (5 years)

Python (5 years) | SQL (2 years) | Java

(1 year) | TypeScript (1 year) |

JavaScript | R | ARM32 Assembly

MATLAB

Webdev – Next.js | React

TypeScript

AI/Machine Learning –

TensorFlow | PyTorch | Keras | Neural

Network Architecture | Computer

Vision | LLMs

Hardware – VHDL | Verilog | KiCad

AutoCAD | Computer Architecture

Circuit Analysis | Embedded Systems

Raspberry Pi | Arduino

General – Git | Tableau | PostgreSQL

Docker | API Programming | Web

Scraping | UNIX | AWS | Computer

Network & Systems Design | Digital

Forensics | Cybersecurity | Cloud

CERTIFICATIONS

CDR Technician - Collision Safety Institute

sUAS Remote Pilot - FAA

PROFICIENT LANGUAGES

English, Armenian
